

**Music [17 seconds]**

Under the red sky the evening sun is as red as  
the blood

It blows the smell of lavender in the silver  
dawn

The waters are flowing, the wordless longing  
of the heart is heard

The moon has just risen, it looks so bright and  
clear on the sky. I feel like the moon fairy that  
left the moon palace. Caught in the red cords  
of romance.

Leaning on the Jade Stone Bridge I can see the  
ducks playing in the pond, and the gold fishes  
come up to greet me.

Come up to greet me just like the way flowers  
bloom

In the spring breeze

In the spring breeze

**Music [10 seconds]**

In the traps of the red cords

By the old man in the moonlight

Is it I that am supposed to find him

Or is it my husband that is to find me

We are entwined by the red cords

By the old man in the moonlight

The earth varies between life and death

I vary between life and love

The one who likes the moon is destined to  
obtain inner-space

Because the blue moonlight comforts his  
dreams

The one who likes others is destined to obtain  
happiness

Because the care from other is also embracing  
him

The one who like peace is destined to obtain  
the victory

**Music [10 seconds]**

I feel as the one who is comforted

As the one who is at peace

Back to back, sitting on a rug,

Listening to music, talking about our dreams

I hope, you will be even softer and more  
gentle over time,

And you hope, I'm the one that is in your  
heart

I said I wanted to give you a romantic dream,

Thank you for taking me to paradise,

I am not afraid if it take my whole life,

I cherish every moment with you,

I know what I want romantic is,

It is to grow old with you,

Smiling along the journey,

From walking, to sitting of a rocking chair, just  
talking,

I know what I want romantic is,

It is to grow old with you,

Until we both have grey hair, and we can no  
longer walk,

I still, want for you, to be the treasure of my  
heart.

**Music [10 seconds]**

The heart cannot escape the red cords

The red cords of the man in the moonlight

Man in the moonlight led me to him

Where are you?

Where are you?

Help me to find the one that has the end of  
the cord

The cord that ties those who were destined to  
be together

We will be together

He is here

My husband

**Music [20 seconds]**
